Hong Kong, June 16—[Special Cablegram]—All of the Peking foreign legations have been burned. Baron von Ketteler, the German minister, has been killed.

News From China is Alarming.

Washington, June 16—[Special Telegram]—The news from China today has created the greatest consternation. It has been definitely decided to send the Brooklyn and the New Orleans from Manila to Taku with 800 marines, and if this force proves insufficient the army will likely be called upon.

Information from Conger this morning showed the existence of alarming conditions.

Minister Conger and a large number of Americans are shut up in Peking and are unable to communicate with the outside world. They are in great peril.

Americans are in Great Peril.

The international relief column, now moving from Tien Tsin toward the Chinese capital, is making slow progress. Other nations have dispatched large forces to the zone of danger, while the United States is represented by a small detachment of marines and blue-jackets.

The American Consul at Tien Tsin has cabled that the city was in control of a mob, but he said all foreigners were safe.

More Troops To Be Sent At Once.

Administration officials now realize that the situation in China is extremely grave, and in order to protect American interests more troops will be sent at once. If the navy cannot supply sufficient numbers soldiers will be sent from the Philippines.

Will Attempt to Take Taku Forts.

Tien Tsin, June 16—The mixed forces, it is reported, will attempt to seize the Taku forts tonight.

General Nieh is moving 2,500 troops from Iu-Tai to Chun-Lia-Seng.

General Tung's Shanghai troops are moving to Peking.

Chinese Situation Grows Very Grave.

London, June 16—The Chinese situation has not improved during the last twenty-four hours. Admiral Seymour, with 2,300 marines, is not more than three-fifths of the distance between Tien Tsin and Peking, and the Boxers are destroying the railway in front of his force and burning bridges behind it.

The excitement at Shanghai and Tien Tsin is increasing and it is rumored that the relief column is itself in need of rescue. Admiral Seymour is a cool, intrepid officer.

POWERS PLANNING TO SEIZE TAKU

Big Battle Is Imminent In Chinese Waters Very Soon.

Tien-Tsin, June 16.—There is a rumor here that the allied forces of the powers will make an attempt to seize the Taku forts at once. Gen. Nich is said to be moving 2,500 troops from Lou-Tai to Chun-Liang-Chen. Gen. Tung Fuh Siang's troops are moving from Shanghai to Pekin. There is growing expectation that imperial troops will attack the international force near the capital, probably at Feng-Tai. Gen. Tung Fuh Siang is holding the front, while Gen. Nich commands the rear. It is also believed that the Taku forts and Chinese warships will engage the foreign gunboats and torpedo-boats inside the bar. Gen. Guan's 10,000 foreign drilled troops remain in Shanghai.

The jealousy on the part of the Russian and French authorities on account of the supposed facilities granted to the English by the British employes of the Chinese railways has been growing constantly, and reached a climax Thursday when Inspector Weir refused to hand over an engine to some French marines. One of the latter attempted to bayonet Mr. Weir, but the weapon passed over his shoulder. Prompt action by the British naval and consular authorities, backed up by the American consul, brought about a reconciliatory settlement of the affair.

SAYS RUSSIA IS WITH CHINA.

Russia Really Backing Up the Chinese In Their Bloody Work.

London, June 16.—The Shanghai correspondent of the Daily Express cables, under date of June 15, as follows:

"It is really a state of veiled war. The members of the foreign legations in Pekin are virtually prisoners, and the Chinese troops are only restrained from attacking them by fear of the legation guards. Meanwhile the ministers are altogether unable to communicate with the officers commanding the relief column, which is making an enforced and isolated halt between Tien-Tsin and Pekin. The walls of the capital are guarded by 100,000 imperial troops. The gates are heavily defended with modern guns. Gen. Tung, acting under orders from the Empress Dowager, says that no more foreign troops shall enter the sacred city. On Monday the ministers sent a demand to the Tsung-li-Yamen that the gates be opened, declaring that otherwise the foreign troops would enter forcibly. To this no reply was given. A second message went unanswered, or had not been answered when the latest news left Pekin. Sir Claude MacDonald's latest message says that the legations are capable of sustaining an effective defense unless attacked in force."

Russia, this correspondent asserts, notwithstanding assurances to the contrary, sides with China. Some foreign troops are already reported to be in the environs of Pekin, and the attitude of the Chinese troops is increasingly menacing.

JUDGE JOHNSON DIES SUDDENLY

Senior Judge of Milwaukee County and One of Oldest in Wisconsin Dies of Apoplexy.

Milwaukee, Wis., June 16—Judge David H. Johnson of the Circuit court died suddenly yesterday morning. He was the senior judge of this county and one of the oldest judges in the state. He was taken ill in court on Tuesday, and suffered a stroke of apoplexy last night.

He was born in Canada in 1825, and has practiced law in this state since 1849. He served several terms in the Assembly, and was city attorney from 1878 to 1880. In 1887 he was elected judge of the circuit court, and held the position continually since that time.

He was the judge who tried the famous Plankington Bank case, and the severe language of the supreme court upon his decision in that case cut him deeply.

Gov. Scofield will appoint Judge Johnson's successor, who will occupy the bench until next spring, when a judge will be elected to fill the unexpired term of Judge Johnson, which will be until 1906.

EXPLOSION SHOOK CAR AND PASSENGERS

Electric Street Car Barely Escaped Being Wrecked and Thrown From the Track.

When the last car of the Janesville Street Railway company went to the power house last evening it met with an accident that came near resulting seriously. On South Main street the car ran over some explosive. The explosion that followed was terrific. The front of the car was lifted from the track, but fortunately remained on the rails.

The explosion was heard in different parts of the city. But slight damage was done to the car. Officer Fred Beneke was aboard at the time being on his way to Sharon street to arrest an intoxicated man. The supposition is that some unknown person placed a torpedo on the track.

MISS GRACE MILLER returned to Monroe last evening.

POPULATION OF UNITED STATES

Figures Taken by Chicago Tribune Reach a Total of 78,964,742

LEADING CITIES SHIFT

States of Illinois, Indiana, Michigan, Iowa and Wisconsin Show Great Gains.

BADGER POPULATION 2,167,458

Census taking in the cities of the United States closed last night after a canvass of two weeks. Figuratively, the work is done. Literally, there are fag ends of enumerations to be collected. Tabulating the census of the cities is a matter of weeks, and until this is complete the results will be withheld from the public. In the country at large the count will continue for days, and the work of tabulation will require months.

The Chicago Tribune has undertaken to anticipate results in a great measure. It has secured from its correspondents in every state and territory of the union careful estimates and presents this morning the figures 78,964,742 as the best judgment of the present population of the United States, exclusive of Alaska and island possessions.

McKinley Says Nearly 80,000,000.

President McKinley speaking at Hagerstown, Md., on Memorial day referred to the population of the country as nearly 80,000,000.

And in the treasury department's estimate of the currency circulation, per capita, for June, the population basis was 77,676,000 for the United States and territories.

The grand total estimate by the Tribune's figures reach 78,964,742. These figures are as carefully gathered and complied as it is possible for a newspaper to do. Some states, cities, counties and towns have shown deceases in populations, manufactures, or farm values. In some instances the collapse of artificial booms has depleted them; in others, new fields have drained the surplus population.

According to these general figures the numerical positions of the states, by populations, have not been changed materially.

Shift in the Leading Cities

The relative positions of leading cities however, have been shifted in a marked manner. New York, considered as it was before its annexations, leads with first place, with Chicago second. For third place Brooklyn has displaced Philadelphia. St. Louis has its fifth place, as in 1890, but Baltimore has taken sixth place from Boston.

Among the smaller cities this shifting has been most surprising. Los Angeles, Cal., for instance, rising from 50,093 in 1890 to 120,000, a gain of 139 per cent.

In numerical order the five leading states are New York, Pennsylvania, Illinois, Onio and Missouri, the last showing the most marked gain in population.

Illinois Shows Greatest Gains

Of the five states canvassed by counties, Illinois leads in population, with Indiana, Michigan, Iowa and Wisconsin in order after it. Illinois shows the greatest gains with Indiana a close second. The others have increased in almost exact ratio with one another.

The Tribune's figures give Wisconsin a population of 2,167,458 as against 1,686,880 in 1890; per cent. of gain 20.88. Janesville is given a population of 14,300, Beloit 9,500 and Edgerton 2,269.

GEN. E. E. BRYANT HAS RESIGNED

No Longer Dean of the College of Law in the University of Wisconsin at Madison.

Madison, Wis., June 16—General Edwin E. Bryant announced last night that he had tendered to President C. K. Adams his resignation as dean of the college of law of the University of Wisconsin. The dean's resignation is not due to any trouble or disagreement with the authorities of the university or with the students, but wholly to his desire to devote his entire time to literary work and to his family.

The impression prevails that Prof. Charles N. Gregory, assistant dean of the school, will be promoted to the deanship and Prof. Andrew A. Bruce, made assistant. In that event it will be necessary to engage two new professors.

THE BRIDE ONCE LIVE HERE

CONTRACTORS PROGRESSING

Have Crossed the Beloit Road with the Grading Work

Work on the grading of the road for the Janesville & Southeastern railroad in the Spring Brook addition is progressing rapidly. The grading has passed over the Beloit road and is now well through the addition. In crossing the Beloit road the grade is some distance above the level of the street, thus making it disagreeable for farmers driving to town. The large steam shovel is still at work at the edge of the city limits.

WALL ADMITS DEFEAT

Democratic Leader of Wisconsin May Not Go to Kansas City—Virtually Retires From Politics.

Milwaukee, Wis., June 16—E. C. Wall yesterday announced his virtual retirement from democratic politics and his defeat for re-election as Democratic National committeeman. He said: "It is doubtful if I shall attend the Kansas convention. I hardly think I shall do so.

"The action of the recent convention has nothing to do with this determination on my part. I cannot tell you who will be selected as the next member of the national committee from Wisconsin. I have not undertaken to find out. I have not asked a member of the delegation how he will vote, nor do I intend to do so.

"I don't intend to withdraw my name, however. I will serve if elected and will have no word of complaint if I am ejected. If I am relieved by the action of the delegates to Kansas City it will be unquestionably to my personal advantage.

GETTING IN LINE FOR DOLLIVER

Boom of Iowa Man for the Vice Presidency is Growing.

IT IS NOW UP TO PLATT

Fairbanks or Bliss Could Have it if They Would Give Consent.

LITTLE TALK OF PLATFORM

Philadelphia, June 16—[Special Telegram]—This was the republican national committees busy day, as practically a continuous session is being held from 11 o'clock till late tonight. The intention is then to adjourn sine die.

Three contested cases are yet to be settled, and as soon as they are out of the way the committee will take up the question of temporary and permanent organization of the convention. So far as has been ascertained there will be no change in the plan making Welcott of Colorado temporary and Lodge of Massachusetts, permanent chairman. Hanna will remain as chairman of the committee.

It has been decided that there be no change made at present in the basis of representation of states in future conventions.

The vice presidential situation makes Dolliver and Long favorites, with remote possibilities of Roosevelt and with Woodruff still in the running. The knowing ones, however, say that with Bliss scratched New York has lost all chance of securing the prize. Quay is said to be one of the recent converts to Dolliver. Dolliver will be here this evening, about the same as New York's big four, Platt, Depew, Roosevelt and O'Dell.

The various delegations will begin arriving tonight, and tomorrow some of them will bring booms of various sizes and consistency.

Dolliver is in the Lead

Philadelphia, Pa., June 16—As the time for the convention approaches it is significant that the boom for Dolliver is about the only one which appears to gather headway as it goes along.

The result of the speedy withdrawal of Allison and Fairbanks has been to leave Dolliver as about the only man on whom the west can unite. It is equally significant that Secretary Long's name seems to have been dropped out of sight entirely. Interviews telegraphed from New York indicate that Mr. Bliss has again declined the honor, as Senator Hanna said he would.

Senator Fairbanks does not want the place, is in no sense a candidate, and, in fact, is in the hands of his friends as the Indiana candidate for the presidency in 1904.

Hanna Said to Be for Bliss

Talk around the hotels today is that Mark Hanna has so worked his schemes as to bring Bliss and Platt face to face; that he wants Bliss nominated, but does not want to go over Platt's head; that Hanna is determined to make Platt solve the question, and that tomorrow he and Platt will get together in a back room and stay there until the right man is picked out.

New York's Big Four

The New York Big Four, Senators Platt and Depew, Gov. Roosevelt and Chairman Odell arrived in Philadelphia this afternoon. Representative Grosvenor of Ohio also arrived this afternoon. Ex-Senator Quay came to Philadelphia yesterday and went to the home of a personal friend where he will remain during the convention.

Little Talk of Platform

Speculation in regard to the vice president has taken up so much time of the politicians who are here that but little has been said of the platform which the convention will adopt. Senator Foraker, Senator Lodge and Charles Emery Smith, postmaster general, it is understood, have been assisting President McKinley in framing the platform on which the latter will go before the people.

FISHER RESIGNS TO PRACTICE LAW

JANESVILLE BOY TO LEAVE UNIVERSITY.

Phil King Will Take His Place—A. K. Wheeler of Janesville Will Act as King's Assistant—The Change Causes Surprise in Athletic Circles at Madison.

At Madison last evening a big surprise was sprung in athletic circles at the university by the announcement that the Board of Directors of the Athletic association had accepted the resignation of Graduate Manager John L. Fisher and elected Phil. King, the football and baseball coach, to the position.

Mr. Fisher was reelected to this position the first of the week by the board, but the Athletic council, which represents athletics, did not approve this action. As a result, President A. A. Chamberlain called a special meeting of the board last night, at which Mr. Fisher's resignation was accepted and Phil. King chosen as his successor.

Resolutions were passed by the board expressing its appreciation of Manager Fisher's services and conferring on him the official "W."

Mr. Fisher, who graduated from the University Law school a year ago, will practice his profession in Madison.

The board elected A. K. Wheeler of Janesville, who is at present a student football manager, assistant to Mr. King.

DEALERS SELLING ILLEGAL GOODS

E. B. Heimstreet of This City Makes Interesting Report As Secretary of Pharmacy Board.

E. B. Heimstreet of this city, secretary of the state pharmacy board, has been in Marinette this week attending a meeting of the state board of pharmacy.

The report of Secretary Heimstreet shows that many general dealers, particularly in the middle and northern parts of the state, are selling goods for which they are liable.

The secretary has just returned from that section, where he has been visiting and notifying general dealers. One case was tried in Marquette county in April, in which general dealers were fined $50 and costs for selling drugs. These cases are now in the courts, two in Clark county and one in Iowa county.

COUNTY COMMERCIAL AGENCY

Burnell Company of Marshalltown, Iowa Establishing Branch in Rock County.

E.L. Kinnan, state agent for the Burnell Commercial Agency of Marshalltown, Ia., who has been in the city for the past week establishing a local branch and putting in a local office for their company, leaves the first of the week to start and oversee the work at Beloit and other points of Rock county.

This company has been in operation in Illinois and Iowa for the past 15 years and by furnishing the merchants a reliable credit guide have not only gained the confidence but the endorsement of hundreds of banks and merchants all over the territory covered by them. This is a big undertaking and means an expenditure of considerable money to get started.

But it is being handled by men who are experienced in this line of work and who realize that the business men of Rock county will give their undivided support to a system that will save them dollars and cents.

Mr. Kinnan is assisted here by F. C. Sparks, special Iowa agent, who will remain here to complete the work.

Janesville merchants stand second to none and are always ready and willing to extend credit to deserving customers but need some safe guard against unscrupulous buyers who buy with utter disregard to the coming pay day. Merchants are asked to at least consider this system and by so doing get a much needed protection.

The one thing that qualifies a person to give advice on any subject is experience — experience creates knowledge.

No other person has so wide an experience with female ills nor such a record of success as Mrs. Pinkham has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for 20 years, day after day and day after day.

Twenty years of constant success — think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

If you are ill get a bottle of Lydia E. Pinkham's Vegetable Compound at once—then write Mrs. Pinkham, Lynn, Mass.

PROPERTY OWNERS RAISE PROTEST

Madison Street Residents are Not Pleased With the Idea of Improving Their Street.

Madison street residents are anything but pleased over the idea that the city is at present figuring on narrowing Madison street. The property owners who are the ones most interested have of late improved their property, putting in new cement curbings at considerable expense If the contemplated change is made in the street these curbings will have to be removed. Many of the residents along the street have expressed themselves in strong terms of late that they do not sanction a change in the street. The new cement curbings have cost a goodly sum and have of late been erected in front of the Merritt, Dennieston and Williams property.

EVIDENCE IS RATHER SLIM

Janesville Officers Think Alleged Bank Robbers Will Get Free

Police officers here are of the opinion that the federal officials will have a most difficult time in convicting Dad Flynn, Lifty Fitzgerald and James Franklin of the robbery of the Berlin post office and the Deerfield bank. The evidence against the men is very much on the guess order, the officials say. The three prisoners are the men who caused a sensation in this city several weeks ago by their escape from the municipal court.

URGES FARMING FOR NEGROES

Booker T. Washington Talks on Race Development.

Lansing, Mich., June 16.—Booker T. Washington delivered the address of the commencement exercises at the Michigan agricultural college. President F. L. Snyder conferred the degrees. Prof. Washington, who is at the head of an industrial institute at Tuskegee, Ala., said in part: For a number of years I have tried to advocate the advantages of industrial training for the negro, because it starts the race off on a real, sure foundation, and not on a false, deceptive one. From the beginning of time agriculture has constituted the main foundation upon which all races have grown useful and strong. In the present condition of the negro race it is a grave error to take a negro boy from a farming community and educate him about everything in heaven and earth, educate him into sympathy with everything that has no bearing upon the life of the community to which he should return, and out of sympathy with most that concerns agricultural life. The result of this process is that in too many cases the boy thus trained fails to return to his father's farm, but takes up his abode in the city and falls in too many cases into the temptation of trying to live by his wits, without honest productive employment. But would you confine the negro to industrial life; to agriculture, for instance? No, but I would teach the race that here the foundation must be laid, and that the very best service which any one can render to what is called the higher education is to teach the present generation to provide a material or industrial foundation."

PERILOUS BALLOON TRIP.

Boy at Coney Island Carried Up by One Leg.

New York, June 16.—Whisked from earth and hanging by the leg from a rapidly rising balloon, Andrew Malchofsky, 16 years old, was carried 1,000 feet into the air at Coney Island, and was only saved from death by the coolness and courage of the aeronaut whose balloon had snatched him up. Thousands of visitors at the seaside resort saw the boy carried away and heard his frantic cries for help. More than one knelt upon the sands and prayed for the lad's deliverance from peril. When the balloon shot upward one of the dangling ropes whipped around Malchofsky's right leg, making a half-hitch, and before he knew what had happened he was high in the air. The aeronaut shouted to the boy to grasp the rope with both hands and hold tight. Then he clambered down from his perch beneath the balloon and succeeded in knotting the rope securely around the boy's body. The balloon gradually settled earthward, coming to rest only a few blocks from where it arose.

YES OR NO?

Janesville People are Respectfully Asked to Answer These Questions.

Is there anything in the evidence o one's senses?

Is there anything in the testimony of one's friends?

Can reliance be placed upon statements from people we know?

Are the opinions of local citizens of any greater moment than those of strangers?

Would you sooner believe people living in some far away place than citizens of your own city?

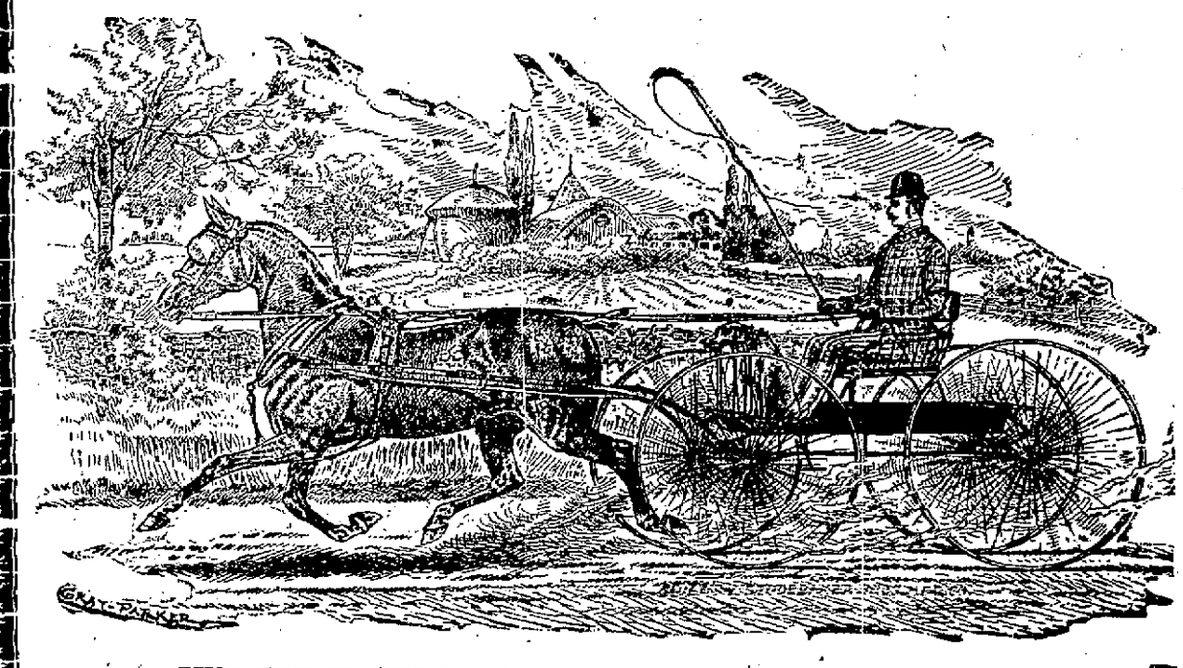

We think not! for home proof can easily be investigated.

Mr. John Stetson, of Hotel Myers, day clerk, says: "A physician pronounced my trouble kidney complaint. If the severe pain across the small of my back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks, sometimes virulent, sometimes a dull, grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the People's Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date I have not noticedany recurrence of my old trouble."

For Member of Congress, 1st District:
HENRY A. COUPER, of Racine.

Wisconsin Weather Forecast

Partly cloudy, probable showers Sunday.

THIS DAY IN HISTORY.

956—Hugo the Great, father of Hugh Capet, French king, died.

1593—Christopher (Kit) Marlowe, English dramatic poet, killed at Deptford; born in Canterbury 1564.

1815—Napoleon defeated Blucher at Ligny, and the allies defeated Ney at Quatre Bras, both preparatory to Waterloo. The defeat of Blucher at Ligny led to the battle on the field of Waterloo. Blucher retreated from Ligny to Waterloo. Ney's battle at Quatre Bras detained Wellington's troops and prevented the junction of the Prussians and English. Wellington retired to Waterloo to unite with Blucher. The fate of Napoleon was settled by these preliminaries, for his salvation lay in keeping the allies divided.

1866—Prussia set her armies in motion, and the single campaign war with Austria began.

1886—Edwin Percy Whipple, author, died in Boston; born 1819.

1897—George E. Barnes, a pioneer in San Francisco journalism, died in that city; born 1827.

A SENSIBLE EDITORIAL.

The Waukesha Freeman talks sound political sense in the following editorial:

"Twice in thirty years this county has given a united and loyal support to home candidates for important positions, as follows, viz: to the late Judge Warham Parks in his candidacy for congress, and to Hon. O. L. Rosenkrans in his candidacy for secretary of state. Now for a third time there is a pronounced candidate in the county for a high office, viz: Senator A. M. Jones, who seeks the nomination for governor. His canvass for the important place has proceeded to a point where there is no receding, and as to his position in the race it is conceded his home support must be overcome in order that the opponents may have any hope of success. In other words Senator Jones is in a fairly good position to win the nomination, and will make a determined fight. He has heretofore been endorsed by our county convention and by the congressional district convention; he has been encouraged by advice and the assurances of support of hundreds of his fellow republicans in the county to pursue the ambition which he has to succeed Gov. Edward Scofield.

"What then is the duty of the republicans of Waukesha county? Can there be any doubt? We think not. Every consideration for the future prestige of our county and for the republican influences within it, demand a loyal, steadfast, uncompromising support of Senator Jones' candidacy. Anything short of this is in the nature almost of treachery, from any standpoint that may be adopted.

"If, as we profess to believe, Senator Jones cannot be nominated, no harm can result if the local elements prove to the state at large that they can be true to their own. And certainly, if he has hope of success, then it is rank treachery to the local party to strike it down in this way and make it next to impossible to induce any man of commanding position in future to place himself as a target (which it would be doing to aspire to a state nomination.)

"There are no two ways about it, and The Freeman trusts that good judgment will prevail and that Waukesha county republicans will present a united front before the state on this important occasion. We have every hope and confidence that they will do so.

"In spite of some claims to the contrary, it is believed there will be no wavering in the primaries, to be held June 27, and that delegates will be chosen prepared to so act that in future there will be no occasion to question the loyalty of home republicans. Waukesha county contains just as good republicans as there are in the state; men as well fitted to fill the exalted positions as any who have filled them in the past, yet if their neighbors persistently discredit them by opposition, as has often been done, the county will never enjoy the prestige it is really entitled to in the councils of the commonwealth. We are glad to note that the republican press of the county is united in the advocacy of Senator Jones' candidacy and appreciates the importance of presenting a united front."

When a Janesville young woman desires to be real happy she gets married and leaves Janesville for good and all.—Beloit Free Press.

Does She? Of course Janesville girls are in great demand, and the chivalry of the United States seek them from the four corners of the earth, but none, so far as we can learn, have yet been induced to locate at Beloit.

The school board showed good sense and good judgment in re-electing Superintendent D. D. Mayne, and giving him a raise in salary. The value of Superintendent Mayne's work cannot be computed in dollars and cents and this fact is generally recognized. The Janesville schools rank with the best in the United States, and no effort should be spared to maintain them at this high standard. Superintendent Mayne's influence is largely responsible for this state of affairs and Janesville people are glad to show him the honor that is due.

The Hon. Toronto Jimmy, the Hon. Dad Flynn, and the Hon. Litty Fitzgerald, the crooks that made Janesville famous, are now in the jail of a town that was made famous by a brew of beer, towit, Milwaukee, Wis. 'Tis well. Let them stay there.

The Fourth of July committee has made arrangements for the reappearance of the famous Nonesuch Brothers circus at the Janesville celebration. The splendid aggregation of the noted brothers will give a gorgeous free parade, and all former records will be broken.

The Beloit papers take a pardonable amount of pride in the brilliant successes achieved by the Hon. Cornelius Buckley in securing control of the Rock County Democracy. Party lines are lost in giving Mr. Buckley credit for ability and genius, and Mr Buckley is recognized as the "boss."

Henry C. Payne is not a candidate for vice president, but is supporting Gov. Scofield for that office, and says he hopes the Wisconsin delegation to the National Convention will do the same.

The "Glorious Fourth" should be made as glorious as possible, and to this end, every citizen should do his part.

THEY LIKE MR. WHITEHEAD

Milton Telephone Speaks.

It is evident that the First district has chosen wisely its candidate for governor. The most complimentary words continue to be spoken for Mr. Whitehead by the state press. The publishers know what they are talking about. They have kept watch of his record, a record of hard and brilliant work for his constituents. It is said that he does not know Catawba wine from St. Louis lager beer. Probably he doesn't. No one appears to object, however, to his shortcomings in this direction, presumably because the people select senators and governors purely for matters of state. Mr. Whitehead has demonstrated that he is a judge of matters that are vital to the people's welfare. That is the reason that he has gained such force in the contest for the nomination.

There can be no reason to object to LaFollet's invasion of the home territory of other candidates. It is free for all—every man must stand on his own record. If La Follette and his friends bolted Scofield two years ago, as has been positively stated, the republican electors want to know the reason. The answer must be forthcoming. For instance, John M. Whitehead stands for every reform ever advocated by La Follotte and no such charge of disloyalty has been made against Mr. Whitehead and his friends. If La Follette wishes to put his record against Whitehead's he takes his chances, and if the people so decide, he must take his medicine.

Advice to Green County

Brodhead Independent—We doubt if any state can show a better array of gubernatorial timber than this. Not a man on the list who would not make a good governor, who has not in some way special fitness for the position. Gen. Earl Rogers of Viroqua, is an efficient, straight forward, clear minded man of affairs, whose service to his country demands hearty recognition and his nomination would please the soldier elemen. Hon. Ira B. Bradford is esteemed and respected wherever known. Hon. W. A. Jones, Indian commissioner, has shown in all his public and private life, the characteristics of a noble man, and so on through the list. Not one whom we could not honor in the position of governor, and the republican party has reason to feel proud of this showing. Whoever is nominated the party can honestly stand by him. The First district points proudly to its candidate, the peer of any in integrity and ability, free from all factional complications, the man for the time and the place, Senator J. M. Whitehead of Janesville.

Senator Whitehead while he is a representative of all the party reforms, and has shown his wisdom in legislation by what he has done for equitable taxation, is fortunately free from all these factional complications. There are no old time antagonisms to be remembered against him, no pension business to stir the heart of the old soldiers; a clean, true, pure minded man, who has the interests of the people at heart, as thoroughly as any man can.

Our endorsement of the candidacy of Mr. Whitehead is not sectional, he has strong admirers and friends throughout all the state, but there is a sectional element in it, the men of the First district will not be likely to forget. The time is ripe for this district to be represented on the state ticket and having a candidate in every way equal to any in the race they should make the most of their opportunity.

CHAS. H. GAGE IS NOW TELLER

Enters Upon His New Duties in Merchants and Mechanics Bank.

Chas. H. Gage entered upon his duties as teller at the Merchants and Mechanics Savings bank this morning. Mr. Gage is one of Janesville's most popular young men and will be a valuable addition to the institution with which he is connected.

The Cripple

Who is crippled by accident or deformity hardly understands the meaning of the word "crippled" as compared with the victim of rheumatism. He is not only bent and twisted, but also racked with pain so cruel that he envies the cripple who stumps along on a wooden leg, whistling as he goes. Rheumatism is known to-day as a blood disease. It can only be cured through the blood.

That powerful blood-purifying medicine, Dr. Pierce's Golden Medical Discovery, cleanses the blood of the acid poisons which cause rheumatism. When the blood is cleansed the rheumatism is cured.

There is no alcohol in "Golden Medical Discovery" and it is absolutely free from opium, cocaine, and all other narcotics.

Mr. R. J. McKnight, of Cades, Williamsburg County, S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors, and two of them gave me up to die. None of them did me any good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of 'Golden Medical Discovery,' and four vials of 'Pellets,' and to-day my health is good, after suffering twelve years with rheumatism."

The sluggish liver can be cured by the use of Dr. Pierce's Pleasant Pellets.

CIRCUS PARADE BEING ARRANGED

ONLY ONE OF MANY FEATURES ON THE FOURTH.

Local Merchants Will Provide Several Costly Floats—Will be Over a Mile in Length and Several Bands Will Participate—Meeting Last Evening.

If the necessary cash can be secured to carry out the plans decided upon, by the Fourth of July committee at their meeting held in the council chambers last evening, Janesville need have no fear that celebrations to be held in the surrounding towns, will materially detract from the crowds that will come on that day, but they must have money, without a liberal subscription the celebration will be a failure, better no celebration at all than a poor one. So help the committee when they call on you, and let us throw the surrounding celebrations in the shade.

Many good features were proposed at the committee meeting last evening. The circus parade to be held in the morning, is to be equal to any ever given in this city, by any four ringed, thirty-two elephant circus.

The grand carnival proposed for the evening, will be quite an innovation, and will be one of the most unique and pleasing features of the day. Main and Milwaukee streets will be given up to the carnival during the evening; if you want to take part in the fun get your costume ready for without it you will be "thrun out" of the street during the progress of the carnival.

The members of the committee which have the celebration in charge are all young men of energy and enterprise and original ideas. So give them the needful cash and encouragement and they will do the rest.

In the absence of Chairman George D. Simpson, Amos Rehberg was called to preside over the meeting last evening.

H. H. Bliss reported the circus parade in full swing and the following committee had been appointed to look after its curios.

Executive Committee—Geo. D. Simpson, chairman, W. G. Wheeler, F. L. Clemons, B. F. Nowlan, W. E. Evenson, G. M. McKey, R. J. Whitton, C. E. Hormann, R. M. Bostwick, C. S. Putnam, V. P. Richardson, W. A. Jackson.
Amusement Committee—Geo. D. Simpson, chairman, C. P. McLean, E. W. Putnam, F. L. Clemons, H. H. McKinney, E. J. Smith, F. S. Sheldon, E. A. Hyde.

A full attendance of all members of committees is requested at the meeting to be held at the council chamber at 9 o'clock this evening.

Through an oversight the name of Hon. W. G. Wheeler was omitted from the finance committee for the Fourth of July celebration.

ALDERMAN RICE GETS INDIGNANT

Claims That the Railroad Companies Are Blocking the Street Crossings in Janesville.

Alderman Walter Rice from the First ward is anything but pleased over what he claims is an outrage daily practiced on the local public by the railroad companies whose roads run into Janesville. Alderman Rice claims that freight trains daily block the crossings in this city thus violating the city ordinance. He further alleges that on one occasion recently a freight train held one of the prominent crossings seventeen minutes. This, he says, must stop.

WISE AND BARLOW AFTER MR. BYRNE

INTERESTING CASE GETS INTO THE COURTS.

Local Well Known Photographers Bring Suit Against the West Side Counselor at Law—Mr. Byrne States His Side of the Complication.

George W. Wise and Richard H. Barlow, local photographers, have served papers of ejectment on William Byrne, counselor at law, located in the John H. Watson block, 24 West Milwaukee street.

Messrs. Wise and Barlow rent Counselor Byrne his office, and they asked him some time ago to move. Mr. Byrne says he has a verbal lease for this year and that he does not intend to move, but that he will fight the case through the lower courts into the circuit court of Rock county. The case will be called before Judge C. L. Fifield next Tuesday morning.

Mr. Byrne when seen this morning said that he rented the office of Messrs. Wise and Barlow last year for $4 a month. He alleges that the two local photographers lease the office which was the former Tice gallery, for $9 a month for no other purpose than to keep out other photographers from locating in Janesville.

When the case is called Tuesday City Attorney F. C. Burpee will represent Messrs. Wise and Barlow.

Mr. Valentine saids he could not speak; scientifically, of "Sneak Currents," but told about some of the practical "sneak currents" that telephone companies have to contend with—non subscribers who complained of the service, etc., etc. His remarks were received with enthusiasm, and when he closed the three hundred banqueters present arose and gave "three cheers for Wisconsin."

HAIL INSURANCE CASES AGAIN AIRED

HENRY TARRANT OF LA PRAIRIE FOUGHT ACTION.

Created Much Interest in Janesville When Farmers From All Portions of the County Met at the Court House—Company Now Allege a Final Settlement.

In the Rock county circuit court for some time has been hanging fire the case of Receiver Gilman of the United Farmer's Township Mutual Hail Insurance Company against Henry Tarrant of the town of La Prairie.

The plaintiff brought suit for the collection of $112 back assessment alleged to have been due for hail insurance on leaf tobacco.

In referring to the case the Wisconsin tobacco Reporter prints the following:

"Mr. Tarrant was the leader of the Rock county farmers who refuse to pay their premiums, and had given the attorneys for the receiver to understand that he would carry the case to the Supreme court before he settled. However, Mr. Tarrant has settled notwithstanding, and this fact has caused Mr. Erdall, attorney for the receiver, to write the following letter to the Deerfield paper, we presume with the idea that it might influence others to pay up:

"Of course the disposal of the Tarrant case has no particular bearing upon other cases that we may bring. It indicates, however, to say the least that there is merit in the position of the receiver, Mr. Clancy, of Stoughton, in acting with us in these matters. We shall now probably bring several actions in Rock county so as to insure a determination of the questions of law involved in one of these actions at least."

SHOE REPAIRERS ARE ANGRY

Because An Outside Firm Cuts the Price On Repair Work.

Local shoe repairers are anything but pleased over the idea that a certain outside workman has located here and has commenced the cutting of prices. For putting on new soles this new comer charges less than the Janesville repairers and the result has been that the local workmen are up in arms. This is the first cut in prices in this kind of work to take place in Janesville in some time.

PLANS FOR THE PLATFORM.

Indications That Declaration as to Trusts

WILL BRING OUT SOME DEBATES

As There Is Considerable Difference of Opinion on the Subject—The Delaware Contest—H. Clay Evans Turned Down—Different Rooms for Vice-President.

Philadelphia, Pa., June 16.—Plans for making the national republican platform are all under way. The declaration of principles will be by no means so cut and dried a character a has been frequently anticipated. On the contrary, there is a prospect of several nice little fights. Senator Fairbanks has collected the declarations on the trust question from a number of state platforms and has formulated a plank which was submitted to the platform conference in Washington last Saturday. It adopts the constitutional amendment idea somewhat vaguely, but nevertheless is a declaration against the trusts. Senator Foraker has also prepared the draft of a plank which declares a constitutional amendment unnecessary, and pledges the party to suppress unlawful and dangerous combines of capital through the medium of direct legislative amendments to the Sherman anti-trust law. On the form of the trust amendment there is likely to be a repetition of the fight at St. Louis four years ago. There the compromise idea of dodging the issue had to be met and beaten. The timid men in the party councils were afraid to make an unequivocal declaration for the gold standard. The same fight will be gone over now. There are those who are afraid that a radical declaration against the trusts will turn the solid business element against the party, and this element is pronounced for a straddle on the question. On the other hand, many of the delegates from the west, particularly, will declare the election of President McKinley will be endangered unless the party puts itself on record as flatly against trusts as it did for the gold standard.

After three days of almost continuous session the national committee at last begins to see daylight on the list of contests. The only one of the lot which appears to have a bearing on national politics is that between Congressman Brownlow and Commissioner Evans over the Tennessee delegation. Brownlow was victorious and Evans was turned down by a significant vote. The national committee held three long sessions, but with all its hard work was not able to straighten out the Delaware tangle. This has been referred back to the subcommittee with instructions to again endeavor to bring the factions to a basis of agreement, and will receive final action today.

There are vice-presidential booms for Dolliver, Scott, Long and all the other candidates. Dolliver seems to be well to the front in these preliminary struggles for prestige.

Delegates in a Wreck.

Chicago, June 16.—Hours behind time, a special train with 400 California delegates to the Philadelphia convention aboard crashed into a freight train at Thirty-ninth street on the Pittsburg, Fort Wayne & Chicago railway. The politicians were thrown into a panic, and whist and hearts were supplanted by yells and leaps. However, T. H. Gould, engineer, had applied the brakes in time to prevent fatalities, and the passenger train remained on its track. Gould was cut in the face by flying particles of glass, but Fireman Gaskins was uninjured. Both trainmen live at Fort Wayne, Ind.

FILIPINO LEADER SURRENDERS

With Him Are Eight Officers and 124 Men and Equipment.

Manila, June 16.—Gen. Macilibus, who has been persistently active in the Pangsansin district, has surrendered to Col. Emerson H. Liscum at Tarlac, with eight officers and 124 men, all armed with rifles. Senor Pedro Haterno, former president of the so-called Filipino cabinet, has been released temporarily, and he is now conferring with Senor Felipe Buencamino, former minister of agriculture and commerce, with reference to the latter's peace platform. Two hundred men of the Eighteenth infantry, who are sick, are returning by the transport Hancock, in charge of Capt. Lewis. Upon information furnished by Major Wheeler, to the effect that Gen. Lacuna intended to attack Papaya, province of Neuva Ecija, Gen. Funston, with staff officers, Capt. Koehler and troop G of the Fourth cavalry, and half a company of the Thirty-fourth infantry, marched to Papaya. Gen. Lacuna was found, with 200 men, occupying a position on a ridge two miles south of the town. Gen. Funston attacked him, sixty Americans charging the enemy under a hot fire. The insurgents fled. On attempting to make a stand later, Capt. Koehler, with a detachment of troops, charged and scattered them. Twenty-two of the insurgents were killed. One American was killed and one wounded.

Dr. Swensson Is President.

Burlington, Iowa, June 16.—The general synod of the Swedish Lutheran church convened here with delegates representing 150,000 church members in the United States. President Norelius of Vasa, Minn., delivered his annual address, stating that the work of the year had been excellent and that the membership had increased. The election of president of Augustana college, Rock Island, resulted in the choice of the Rev. C. A. Swensson, D. D., Ph. D., now president of Bethany college, Lindsborg, Kan. The report of Augustana college showed the debt had been reduced $10,000 and the income increased $30,000 a year.

DESCRIBES SUN'S ECLIPSE.

C. G. Abbot of Smithsonian Institution Reports on Observations.

Washington, D. C., June 16.—A preliminary account of the observations made at Wadesboro, N. C., during the recent eclipse, under the direction of the Smithsonian institution, has been prepared by C. G. Abbot of the institution. "The main object of investigation," says Mr. Abbot, "was the corona, and of this, first, a photographic study of the detailed structure of the inner corona, with, second, a determination by the bolometer, whether appreciable heat reaches us from it, and, if possible an examintion of the form of its spectrum-energy curve. The eclipse was notably not a dark one. No second magnitude stars were observed with the naked eye. Most of the observers saw only Mercury, though Venus was distinguished by some skimming through the trees, and Capella was also seen by a few. The high degree of illumination operated unfavorably in the study of the outer corona. The fall of temperature and rising breeze were distinctly noticeable before totality. No change in direction of the wind was noted. Shadow bands were seen, but those observers who attempted to measure their velocity found them too rapid and flickering for any successful work in this direction, yet there was notable unanimity among independent observers as to their size and distance apart (about five inches)."

DENIED BY GEN. COLLINS.

Denounces British Press Report Regarding Reception of Boer Envoys.

London, June 16.—Gen. Patrick A. Collins of Boston, Mass., former consul-general at London, said today: "The report supplied to the British press to the effect that the Boer envoys are being greeted in the United States only by the German and Irish political scum is unadulterated rot." Gen. Collins declares that the reception accorded the peace envoys by all classes is most cordial. The general goes to Dublin next week, but he denies that his visit is for the purpose of taking part in the Irish nationalist convention. The American friends of the Massachusetts politician, however, say that Mr. Redmond and Timothy Healy, the Irish leaders, are anxious that he take part in their deliberations.

Three Escape Gallows.

St. Louis, June 16.—On May 2, the State Supreme Court sentenced six murderers to be hanged on June 15. They were: John A. Holloway, Osage county; Ernest Clevenger, Clay county; Robert Cushenberry, Clinton county; Jack Bradford, Pemiscot county; David Miller, Holt county, and Sam Waters, New Madrid county. Of this number, David Miller's sentence was commuted to fifty years in the penitentiary, Robert Cushenberry has been granted a stay of execution until June 25, and Jack Bradford was respited until Aug. 14.

Joseph Martin Resigns.

Victoria, B. C., June 16.—Joseph Martin last night, resigned the premiership of British Columbia, and Jas. Dunsmuir was sent for by the lieutenant-governor. After a conference of an hour's duration Dunsmuir accepted the position vacated by Martin, and will be sworn in as premier this afternoon.

Mrs. Dunsmuir will form a cabinet on non-partisan lines. He was the bulwark of the opposition through the introduction of federal lines in the local arena.

A Mother's Peril

It Seemed Certain that Her Death Would Follow the Birth of the Child—How Help Came After the Doctors Despaired.

Mrs. C. R. Simmonds.

The sacrifice of a woman at the altar of motherhood is not an unusual event, but how unnecessary such sacrifices often are will be seen from the following interview with Mrs. C. R. Simmonds of 140 Mineral Springs Ave., Pawtucket, R. I. Mrs. Simmonds, whose husband is a well known and popular grocer of Pawtucket, says:

"When my child was born on April 22, 1899, I suffered such an excessive loss of blood that I was utterly prostrated and had no strength whatever. Blood poisoning set in and my life was despaired of by two of the prominent physicians of this city.

"Before my marriage I used Dr. Williams' Pink Pills for Pale People with good results in building up and purifying my blood and when the doctors gave me up, I decided to give the pills a trial, although the case was desperate.

"My husband bought some of the pills and by the time I had taken three boxes I had gained so much strength that I was able to leave my bed for the first time in two months. I continued taking the pills and in another month could go about as usual. My appetite was good, the color returned to my cheeks and I gained rapidly in weight.

"I very gladly recommend Dr. Williams' Pink Pills for Pale People to anyone afflicted as I was." MRS. C. R. SIMMONDS.

Subscribed and sworn to before me this 27th day of August, 1899.

McELREE'S Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

STRATEGIC POSITION GAINED

By the British, Who Now Occupy Klerksdorp.

YOUNG KRONJE SURRENDERED.

Telegraph Line Reopened to Pretoria—Boers Attack Reconstruction Train—President Steyn, Not President Kruger, Stands in the Way of Surrender.

London, June 16.—The occupation of Klerksdorp, announced by Lord Roberts, gives the British a strategic position of some importance, as the town, besides being the terminus of another railroad to Johannesburg, is within easy reach of the Kroonstad-Vierfontein road.

Cronje, who surrendered the place, is a son of the famous Gen. Cronje, now a prisoner at St. Helena, and took a prominent part in the siege of Mafeking.

Lord Roberts' dispatch shows that the telegraph line is reopened to Pretoria, and also points to the fact that the Boers, whom Gen. Methuen was reported to have so utterly routed, have recuperated enough to attack a reconstruction train.

According to the Lourenco Marques correspondent of the Times it would seem that President Stein, and not President Kruger, now stands in the way of surrender. His present attitude is attributed to pique, his previous advice having been scouted. The correspondent says that shortly after the British entered the Transvaal President Kruger proposed reopening negotiations, but President Steyn strongly demurred, pointing out that according to the treaty between the republics neither could conclude peace without the consent of the other. He, representing the Free State, refused to reopen negotiations. President Kruger had no alternative but to continue the campaign, unless he was willing to incur a charge of breach of faith. It is notorious, the correspondent adds, that he is in favor of peace on almost any terms.

THEY GIVE UP KLERKSDORP.

Boers Surrender Important Town to the British.

London, June 16.—The war office issues the following dispatch from Lord Roberts:

"Pretoria, Residency, June 14, 10:40 p.m.—Klerksdorp surrendered on June 13th to an armed party sent on by Hunter. Kitchener reports that the Boers attacked a reconstruction train early this morning a few miles north of Rhenoster River. He sent out mounted troops and drove off the enemy before they could do damage. One man was killed and eleven wounded, including two officers. A messenger from Klerksdorp reports that Cronje, who commanded there, determined to surrender as soon as he knew for certain that Pretoria was in our possession. His example has been copied by many in the neighborhood. The courthouse is now said to be full of arms."

By the peaceful occupation of Klerksdorp the British have gained a strategic position of some importance, as the town is not only the terminus of another railroad to Johannesburg, but it is within easy reach of the Kroonstad-Vierfontein railroad. The Cronje who surrendered the place is a son of the famous Gen. Cronje now a prisoner at St. Helena. The son was prominent during the siege of Mafeking. Apart from the fact that Lord Roberts' dispatch comes direct from Pretoria, showing the telegraph line is reopened, the only other point of interest is the fact that the Boers whom Gen. Methuen was reported to have so utterly routed have recuperated sufficiently to attack a reconstruction train. A dispatch from Kimberley reports the capture of the well-known pugilist "Jim" Holloway, who was an adjutant in the Boer army and who blew up the bridge at Fourteen Streams. Holloway was among a body of federals captured in the western part of the Transvaal. The Africander Bond congress opened at Paarl today, with seventy delegates, including seven assemblymen, present.

It is feared at Cape Town that the parliamentary deadlock will lead to a aemporary suspension of the constitution, and there is much anxiety in regard to the possible outcome of such a grave step. Sir John Gordon Sprigg is experiencing much difficulty in forming a cabinet, Mr. Schreiner persisting in his refusal to support a ministry dominated by Cecil Rhodes, owing to personal antipathies. A coalition seems impracticable. Messrs. Rose-Innes and Solomon are not inclined to accept subordinate positions in a government composed of nominees of the South African league. If Mr. Schreiner is dissatisfied with the personnel and pledges of the new ministry, the latter will be unable to pass imperial measures and a dangerous deadlock will ensue which may lead to a grave constitutional crisis.

Japan's Naval Programme.

Victoria, B. C., June 16.—From Japan comes news that, in view of the proposed immense augmentation of the naval forces of other powers, the Japanese naval authorities are about to enter upon a new naval program. As only 5,000,000 yen will be devoted yearly to the navy, men like Admiral Inouye recommend the construction of torpedo boat destroyers. This class of boats cost about 500,000 yen, so that thirty destroyers can be built for the price of one battle ship. It is anticipated that the new program will authorize the construction of torpedo boat destroyers only.

Opposes Union Label Laws.

Kansas City, Mo., June 16.—The International Printers' Protective Fraternity, at its ninth annual convention, held in this city, adopted resolutions favoring the repeal of all union label laws and ordinances. The fraternity claims a membership of 3,000 printers. The following officers were elected: President, L. R. Barry, Pittsburg; vice-president, F. B. Shutz, San Diego, Cal.; secretary, D. F. Druckemiller, Kansas City; treasurer, Eugene Bassett, Los Angeles, Cal.

Four Persons Badly Hurt.

Columbus, O., June 16.—Two electric cars returning from Minerva Park came together in a terrific rear-end collision about midnight and four persons were severely injured. They were: William H. Devere, hip dislocated and bruised; S. E. Morris, hand badly torn; W. Powell, leg injured; John Heer, bruised and leg injured. Crowbars had to be used to pry the cars apart to release Mr. Devere.

Ridpath Is No Better.

New York, June 16.—At a late hour the physicians at the Presbyterian hospital said there had been no improvement in the preceding twenty-four hours for the condition of John Clark Ridpath, the historian, who, for several weeks past has been a patient there. Mr. Ridpath is suffering from typhoid pneumonia. His condition is critical.

No Reply from the Porte.

Constantinople, June 16.—The United States legation has not yet received a reply to the note regarding the indemnity question, handed to the porte May 21, and Lloyd C. Griscom, United States charge d'affaires, is making verbal representations to the government and pressing for a solution of the matter.

Shapely Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is very destructive to the mother's shapeliness. This can be avoided, however, by the use of MOTHER'S FRIEND before baby comes, as this scientific liniment prepares the body for the strain upon it, and preserves the symmetry of form. MOTHER'S FRIEND also obviates all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and thousands gratefully tell of the great good it has done them. Sold by all druggists at $1 00 per bottle.

Our little book, telling all about this great remedy, will be sent free to any address by THE BRADFIELD REGULATOR COMPANY, Atlanta, Georgia.

Second and Last Auction Sale of Forest Park Lots!

Thursday, June 21, at 2:00 P. M.

FREE TICKETS from Grand Hotel, People's Drug Store and Myers House to the Eastern end of the Forest Park line and return will be given to all who desire to visit Forest Park, from Saturday noon, June 16th, to 4:00 p. m, Thursday, June 21st.

At our May 19 Auction Sale we disposed of twenty-nine lots at very low prices. Some of the buyers have since been offered an advance over the price they paid. Among the buyers were J M. Bostwick, James Fathers, City Treasurer; W. J. McIntyre, late County Clerk; and Judge Fifield, of the Municipal Court; James McKewan and W. W. Watt. These men know what real estate in the Third Ward is worth and they bought as a speculation. We have twenty-four beautiful lots left and will close them out at auction on Thursday, June 21, at 2 o'clock P. M. They are described as follows, to-wit:

Lot 11, Block 1, Jefferson ave., is a very fine lot facing the east and is the third lot north of Norcross street.

Lot 6, Block 3, is on the east side of the boulevard, just north of and adjoining Mr. Witherell's fine residence.

Lot 4, Block 6, has the least value of any lot named in this list; it fronts Garfield ave., and is north of the Holdredge property; it is however, a very pretty lot.

Lots 2, 3 and 4, Block 5, front west on Garfield ave., and are very fine lots; very near to the city. Across the ravine and east of Arthur Harris' elegant home.

Lots 1, 2, 3, 4 and 5, Block 10, are beautiful lots, 8 rods front; 10 to 12 rods deep, plenty of good oak trees; near the street car line and facing east on the boulevard.

Lots 1, 2, 3, 6, 7 and 8, sub-div. Block 2, are in the southerly part of the Park—three of them face Bostwick ave., and Grace Court and the other three face South on Racine street.

Lots 2, 3, 4, 5 and 6, sub-div. Block 1, are between Bostwick ave. on the east and the Blvd. on the west. They are 80 ft. wide, except lot 6, which is 4 rods wide on the Boulevard. They are from 165 ft. to 180 ft. long and have a front on Bostwick ave. of from 53½ ft. to 66 ft. 3 inches on Bostwick ave., with plenty of good trees.

Two of these lots would make a real homestead, away from the noise and dust of the railroads and shops—a splendid place for children.

Lots 11 and 12 on Block 11, are south of Alderman Gilkey's homestead, and east of Wallace Carrier's fine lots. They are on the corner of Wells St. & Garfield ave.

These lots will be sold at the buyers' price, and will prove an excellent investment.

Each lot for sale has a red tag, giving number of lot.

Every Lot will be sold to the highest bidder **and there will be no "by bidding" whatever. There will never again be such an opportunity to procure first-class lots at such low prices.**

TERMS: 5 per cent. discount for cash; or, 2-5 cash and 2-5 of purchase price in one year with interest at 6 per cent., and the remaining 1-5 in two years at 6 per cent. interest. Notes secured by mortgage.
